Technology Humanized™

LONG ISLAND (LI1)

500 Commack Rd
Commack, NY 11725

- Prime destination for carriers, content providers and enterprises in the NYC Metro
- Low-latency connectivity for businesses with highly dense colocation and cloud requirements
- Connect to a rich network-centric ecosystem, nearby subsea cables and major carrier hotels

Facility Specifications

- 24,000 sq ft data center
- Situated within 40 miles of our NYC data center to facilitate accessibility to production and disaster recovery workloads
- Fire suppression system uses environmentally friendly clean agent gas FK-5-1-12 (Novec 1230 Sapphire), N+1 Main/Reserve system with Early Warning Smoke Detection

Power & A/C

- 6 MW of available utility power and generator capacity
- Two distinct pods with 24,000 total square feet and an immediate 3MW of power
- 2 Tier III 3.0 MW continuous runtime diesel generators for N+1 redundancy
- 2N redundant cooling system
- Highly efficient DSE air-cooled -50% more efficient than traditional cooling systems; economization technology uses "free cooling" 8 months a year
- 125 hours (5+ days) of onsite fuel storage at full load that support backup generators

Security

- Mantrap, Biometric, card key access, alarm/key monitoring, and CCTV & DVR surveillance
- 24x7x365 on-site monitoring
- Multiple layers of security for access to client colocation space
- Security cameras with monitoring and recording
- HIPAA, PCI DSS, SSAE 18, SOC 2 and ISAE 3404 compliant

Connectivity

- Resilient connectivity to network-centric ecosystem boasting 156 carrier network PoPs
- Dense network connectivity with nearby subsea cables and close proximity to major carrier hotels
